Subject: FY18 IRIS Chemical Priorities

Hi All,

I want to thank everyone for your participation in the prioritization of IRIS chemicals using the Lean visualization process. Attached is the final prioritization of IRIS chemicals that were discussed at the last full IMC meeting. Now that priorities are in place, we can focus on sharing and messaging to staff. Please share the attached electronic file with your staff. We also plan to print out poster sized versions of the chart so that it can be prominently displayed on the wall.
